Task Chg. No Change.

G1

1. Arrest Card. SO2 Legal has produced a useful guide outlining the correct arrest procedure and detailing the process for interning a person. The attached guide should be issued to patrol commanders.

2. Police Reform. The ARMP have conducted a detailed study into the structure of the Iraqi Police and Security Forces. OC 150 Pro Coy should be informed of any BG concerns with the Iraqi Police in their AO. The Police Reform Study is attached for info.

G3

3. Op SCUPPER. This operation is suspended until further notice. The operation will resume upon distribution of adequate paperwork from the Southern Oil Company. Barges which are discovered transporting oil are doing so illegally. The owner should be arrested, the pump removed and the vessel left moored but unguarded. Oil tankers are only to be stopped in the vicinity of the river.

4. Clerics. Due to local sensitivities clerics must not be searched. However, this must not prevent their vehicles and companions from being so. BG G2 cells must make all ranks aware of the identifying features of all forms of cleric.

FOR I QLR

5. Bank Sy. Whilst every effort should be maintained to hand over static sy tasks to the FP or Iraqi Police, a period of transition is required. I QLR are to conduct regular patrols to the banks in order to ensure the sy gds are coping and performing their duties correctly but also to reassure the staff that CF are still taking an interest in the sy of the banks. If the FP protection are unable to maintain control CF forces must be prepared to re-deploy to the banks.

FOR I KINGS

6. MEPS Sy. VINELL, an American firm, have been contracted to conduct the recruiting for the NIA. I KINGS are to provide the minimal sy necessary to allow VINELL to conduct their work. They will be based in the Old Port, Basrah next to the BRS HQ. In addition they will require an armed escort from their place of residence to the Old Port. The 5 staff are currently living in ALLSOPP Lines but to reduce the escort burden it is recommended that they are accommodated with I KINGS. It is intended to hand over this sy task to a civilian contractor at the earliest opportunity.

7. Op RAINBOW. The Iraqi Site Manager arrived today. He will be present with his staff at the rehearsal at 141400Jul 03.
