SITUATION

1. Background.

a. The MND (SE) policy on apprehending, handling and processing of detainees and internees was previously issued at Reference A. This has now been updated and is enclosed as SOI 390. Reference A is now rescinded.

b. The new Instruction provides guidance for the handling and tactical questioning of internees; further guidance on searching, apprehension and treatment of detainees and internees; and training guidance on evidence gathering and handling. The instruction also provides for an Apprehension Report and Complaint Statement and examples of exhibit labels and receipts.

2. Action.

a. The SOI is effective immediately. It should be read and understood by the Chain of Command, particularly at BG level where COs, 2ICs, Adjts, BG IROs, PI Comds and MP LOs must understand the practical application of the policy.

b. All J/G3, J/G2, MP, Legal staff and any other personnel who are involved in any way with the detainee/internee process are to read, understand and apply this policy.
