Subject: RE: Baha Mousa Public Inquiry - Representation and First Directions Hearing

Thank you for your letter in regard undertakings. I have been in consultation with Kingsley Napley in relation to that and they have produced a submission to you. On behalf of my clients I adopt that submission with one minor addition.

On page 3, at paragraph 2.1(ii)(a) line 1, after proceedings insert ", including AGAI 67 action (Army) or QR1027action (RAF) as appropriate,"

That minor clarification note is for the avoidance of doubt on the part of the Secretary of State.

Thank You.

Lewis Cherry
